Classes

Whether your interest is business, romance, or travel, Brazil Station will help you learn Portuguese.

Group

Group classes run for multiple weeks and are designed to improve your familiarity and fluency in Brazilian Portuguese. Group classes are held for Beginner, Intermediate, and Advanced Levels.

Private and Semi-Private

Private lessons are based on a set curriculum, which is then tailored to your personal hobbies, interests and/or work. Semi-private classes are available for two or three people at the same level. Lessons are taught at levels ranging from Beginner to Advanced.

Portuguese for Spanish Speakers

Usually Spanish speakers learn Portuguese faster than people who speak other languages, so these classes account for that background.

Inglês para brasileiros

Classes are designed to help you learn to speak English more effectively — whether at work or in personal situations. While grammar and rules are covered, the emphasis is on conversational lessons so you feel more comfortable talking with others.

All of our classes are taught by native speakers.
